Sage Designs is hosting this 3-day course for programming SCADAPack Controllers with Telepace Studio Ladder Logic software. You must own a licensed copy of the software to take this course.

Course Description: This two-day hands-on course is designed to give each participant a detailed introduction to the SCADAPack controller. The knowledge gained from this course will enable the participants to successfully use the SCADAPack controllers in a wide variety of SCADA, process control and telemetry applications. Students are introduced to the SCADAPack controller family, relays, and ladder diagrams then progress through a series of programming exercises from a simple run/stop control to a two stage pumping station with automatic wear levelling, entering programs and debugging as they go. After covering relay logic centric programming, the course advances into complex function blocks including PID control and Modbus communications.

Instructor: Tony Sannella, Sage Designs, a Factory-certified Instructor.

Location: Holiday Inn Express Mill Valley, 160 Shoreline Hwy., Mill Valley, CA 94941, [Directions to Holiday Inn Mill Valley](#) (7 miles north of San Francisco).
