

# SCADAPack x70 RemoteConnect Function Block Programming Class

April 2-4, 2019  
8:00am – 5:00pm  
Mill Valley, California

20 Contact Hours

Sage Designs is hosting this 3-day course for programming x70-series SCADAPack Controllers with RemoteConnect Unity-based programming software.

**Course Description:** This three-day hands-on course is designed to give each participant a detailed introduction to the SCADAPack x70 controller series (SCADAPack 47x and 57x) and RemoteConnect, its configuration and programming tool. Topics include system configuration using RemoteConnect to configure communications protocols, point addressing, and SCADAPack x70 variable types, introduction to the Unity based logic editor, and the use of scanners and function blocks to access remote data.

**Instructor:** Tony Sannella, Sage Designs, a Factory-certified Instructor.

**Location:** Holiday Inn Express Mill Valley, 160 Shoreline Hwy., Mill Valley, CA 94941, [Directions to Holiday Inn Mill Valley](#) (7 miles north of San Francisco). Those requiring overnight accommodations wishing to stay at the Holiday Inn Express: call 1-800-HOLIDAY (1-888-465-4329) & request the Sage Designs event rate (Sage Designs Corp ID 100307396 ), or [Book online at Holiday Inn Express Mill Valley](#).

**Who should attend?** Individuals interested in participating in a highly technical basic course on the Schneider Electric RemoteConnect function block programming software & how it applies to SCADAPack controllers. Experience with controllers or other programming is highly recommended.

**What should I bring?** Attendees to this course must bring a laptop computer running Windows 10 or above with working USB and Ethernet ports. [Your laptop must have RemoteConnect installed prior to arrival. To download RemoteConnect, click here.](#) If you do not have access to a laptop, please ask us to arrange for a rental unit.

**What is provided?** Continental breakfast, lunch and coffee, soft drinks and snacks each day.
